Alex and the Alpacas Ride Again
16 March 2022 Books+Publishing

After saving the world from Kiata, the ancient spirit of destruction, Alex longs for more adventure—and the chance to test special again. Compared to riding through the Tasmanian wilderness on a talking alpaca, home seems pretty dull. So, when Kiata's prison cumbles, Alex is secretly thrilled. Enter Kaitie, a mischievous, talented and very competitive American girl, who thinks it's HER job to save the world. ALONE, just like Alex. But when Alex accidentally releases Kiata's horn spider, Kiata, the world is going to need twice the number of heroes to face a threat that is doubly dangerous.

Let's say the first book Alex and the Alpacas Save the World was shortlisted for the V&A Premier's Book Award and praised by reviewers as a fast-paced book with plenty of action, suspense and juicy moments, 'highly entertaining', 'endearing', 'witty', 'fresh' and 'compelling'.
